

## Your Partner in Law Firm Selection, Revolutionizing Your Outside Counsel Hiring Process

Leopard PROWESS is a groundbreaking platform designed to streamline your law firm selection process and ensure you work with the best legal talent. Transform how you manage your outside counsels on a unified platform that allows you to easily create law firm panels, evaluate performance metrics, and streamline communication, all while accessing comprehensive data on over 5,500 law firms and 388,000 attorneys.

### Key Features

#### Comprehensive Law Firm and Attorney Database

Access the most up-to-date and accurate profiles on over 5,500 law firms and 388,000 attorneys, including practice areas, location, attorney expertise, diversity, and law firm size.

#### Customizable Law Firm Panels

Create and manage your law firm panels based on your specific needs.

#### Organizational Workflow

Streamline communication and information exchange between internal and external legal counsel.

### Benefits of using Leopard PROWESS

#### Enhanced Efficiency

Streamline your outside counsel selection process and save time and resources.

#### Improve your Decision-Making

Using data-driven analytics performance metrics, rank and review law firm scores based on responsiveness, quality of work, and diversity.

#### Expand Diversity and Inclusion

Diversify your outside counsel team with an easy option on the platform.

#### Improve Communication and Collaboration

Integrate your internal and external legal teams on a single dashboard.

### How Leopard PROWESS Works

#### 01 Select the Best Law Firms/Attorneys

Use our data to find, select and vet the law firms and attorneys you need for your specific matter and location.

#### 02 Create Your Panels

Organize law firms into customized panels for each matter.

#### 03 Rank Performance

Using our REFLECTS ranking system to help you identify your top performing law firms.

#### 04 Enhanced Efficiency

By streamlining your outside counsel selection process and saving time and resources.
